## Lemon 'Planting' Ceremony Friday

### Matadors To Supply Music For Ceremony

A lemon-moving ceremony will highlight the "lemon-aid" program this week as well-wishers and dignitaries gather at Broadway and Imperial-Main sts. to take part in the festivities.

The Mt. Miguel band, scheduled to leave in a few days for Pasadena where it will march in the Rose Parade, will be on hand to supply music for the ceremonies which are scheduled to start at 7:30 p.m. Friday.

Larry Folda, lemon moving chairman for the L.G. Chamber of Commerce, said his men and equipment are ready for the Friday night project.

Meanwhile, funds are continuing to come in for the face-lifting and moving of the lemon that has reposed at the intersection of Golden, Imperial and Main sts. since 1934 or 1927, depending on what local historian you follow.

The lemon, once an adornment for a float entered by local people in an agriculture show parade in Balboa Park had canted recently when termites got to its underpinnings. Bill Blerly, local man who manages a termite firm in SD offered to fumigate the termites out of the old lemon's framework.

Meanwhile, a spontaneous uprising for face-lifting the lemon developed as readers of this newspaper started sending change and currency here requesting that we get the chore started.

The L.G. chamber of commerce took on the project when Mrs. Leota Saville, a former resident and present L.G. property owner read about the affair and offered to collect funds for the chamber.

Bob Vaught, chamber manager, said that it would have not been likely that the project could have been undertaken without Mrs. Saville's generous offer to help.

Larry Folda, former chamber president and now in business in La Mesa, offered to supply the materials to rehabilitate the landmark.

A committee met with railroad executives last week and gained permission to move the lemon from the present site to one nearer Broadway, both sites being on the S.D. Arizona and Eastern RR right of way.

While the project will not be completed by Friday, enough of the work will have been done to make the ceremony feasible, Folda said.

When the work is done it will have a completely new electrical

system installed by Johnny Anderson, an electrician; a fence completely around it and attractive landscaping supplied by Hunter's Nursery.

The funds on hand, according to Mrs. Saville who has been depositing the money regularly in the chamber's U.S. National Bank account had reached a total of \$302.25 this week as new contributions totaled \$64.25. Some of the money is still being sent to the editor of this

### L.G. Lemon Gets Older As It Gets Prettified

The Lemon Grove lemon, divested of its termites and ready to be laid on a new foundation near Broadway, is now involved in a controversy.

Tony Sonka, unofficial keeper of the L.G. archives, says the lemon was built in 1934 and that it was installed as a permanent fixture after it was used as part of a float in a parade in Balboa Park. It took first place in its class, too.

However, Dr. Amorita Treganza, L.G. Optometrist who was the winsome 16-year-old chick riding the floats in the parade, says "nay."

The lemon was built in 1928, says she. "I rode the thing to the end of the parade route where I was met by my boy friend. I was attending U.S.C. in 1934, so I know it wasn't then."

The lemon was built at the L.G. Lumber Co., when it was operated by A. S. Kerfoot, deceased, all agree.

newspaper. Four current letters read:

Dear Editor:

Please accept my contribution (\$5) to reconstruction of the lemon. When it was first established some of us thought the printed phrase "Best Climate on Earth" had a very small town flavor, particularly when Alpine has a large sign "Best climate by government survey."

We've grown up. Let us eliminate the sign although, of course, Lemon Grove citizens think it true.

Here is a quarter for the "lemon" in Lemon Grove. I am

sorry for it where it is now.

Dear Editor:

Here is a buck from an Arkansas belle to help put Our Lemon in its final resting place. I'm in the same predicament, (she's hospitalized) only difference being I hope I'm not a lemon, and everyone here is attempting to help me avoid reaching my ultimate destination.

Best wishes from us Arkies.

Dear Editor:

I am enclosing a dollar to ward your worthy project of "Lemon-aid." Coming here as a stranger a year ago I thought the large lemon was an unique way to advertise the community and climate.

I hope that when the project is finished there will be pictures of the lemon available in local stores. I had to take my own color pictures to send to my Michigan friends.

It is easy to feel at home here as I find the people of the community very courteous and friendly.

## 64 Names Added To Subscription List In Short, Holiday Week

Funds were presented to the Spring Valley Welfare Association for 74 new subscriptions listed in last week's newspaper so that the burden of providing for needy local folk at Christmas could be eased.

These persons brought the total to 228 who have taken part in this newspaper's huge circulation drive by which 1,000 additional subscribers are to be added to the growing list of readers of the hometown newspaper.

This week's list of subscribers, to be added to the previous

### Alleged Prowler In S.V. Is Hit, Bit and Arrested

Man-hit and dog-bit was scored on Wallace Johnson, 18, 4608 Longbranch, S.D. after he was accused by James Fox, 19, of prowling at Fox' house at 2537 Central, S.V.

Fox is said to have knocked Johnson down. Johnson responded by biting Fox on the arm. Fox's dog got into the melee and bit Johnson on the leg.

Sheriff's men charged Johnson with prowling and battery. Knife-waiver arrested. Roderick James Scobie, 33, of San Diego used a steak knife to march another customer out of the Shay Wen bar in Casa de Oro about 3 a.m. Thursday.

Maralee Ann Barnes, Ivanhoe Ranch, an employee at the bar told sheriff's men that Scobie began to wave the steak knife and accuse the customer of "being after his girl friend." He then ran the patron out of doors with knife point. He was charged with assault with a deadly weapon at County Jail.

Market Messers Nabbed Two suspects believed responsible for reducing Foster's Market to a shambles Nov. 26 were arrested last week by S.D. police at the San Ysidro border.

The men, J. J. Gilden, 29, and Stanley Butler, 32, reported to be living in Tijuana were also identified as suspects in several burglaries including El Moroco Cafe in L.G. a few weeks ago.

The men admitted pulling the market job and said they poured flour, sugar and milk over the floor and chopped up vegetables and fruit with a knife

when they found little money on the premises.

Safe Cracked at Russells The safe at Russell's Plumbing 7920 Broadway, L.G. was burglarized Wednesday when an intruder forced open a rear slide door to gain entrance.

The contents of the safe were taken but no estimate of the loss was given by the owners.

Bum Rap

A juvenile at Monte Vista high school, suspected of having taken a musical instrument was exonerated when the instrument was found to have been misplaced by owner rather than stolen by the suspect.

Train Robbery

Electric trains, said to be valued at \$468.90, were stolen from the home of Mrs. Virginia Hammond, 10821 Queen, S.V.

Heavy Smoker

Cigarettes, 44 packages of them, were taken from Bobby's Station, 9950 Campo rd., S.V. after a rock was used to break a window.

Windows Twice Broken

Once on Dec. 12 and again on Dec. 15, the \$75 window at the front of the VLM Christian church was broken by pellets.

Auto Burglarized

Tires, wheel and tool box were taken from the auto parked at 3620 Barcelona, S.V. Loss was \$65 said owner Charles Hibbard.

Rings In Hubeaps Gone

Mrs. Ethel Hulsey, 40, 1555 Presioca, S.V. told the sheriff her auto was relieved of chrome rings and hubeaps as she bowl.

### Harness St. Variance Denied

SAN DIEGO (CNS) — A zoning variance to allow construction of two residences on the north side of Harness st. east of Hellix, S.V. was denied Friday by the County Planning Commission.

The applicant was Hershah B. Parker, who requested permission to build 38 1/2 feet from the center of the street, instead of the required 50 feet, and 23 feet, instead of 25 feet, from the rear property line.

The area is developing with fine homes, so the variances were needed to build homes to meet those standards, the applicant said.

Mrs. Rudolph Shaffer said that the front yard variance would hurt the view her house has, and Commissioner Warren K. Hooper declared he would not vote for the variance just so Parker could build two houses instead of one on his property.

The commission then denied the variance, but also voted to allow Parker to present a new plan, for just a backyard variance, in less than the 90 days normally required between applications.

### Watch For Backward Glance

The annual review of the past year will be published in the next issue of this newspaper. This feature has attracted considerable attention in the years past.

For a look at your community in retrospect, watch for our annual feature telling who did what last year.

TRASH CANS GET ATTENTION — The 13 big trashcans on Broadway in Lemon Grove which keep the community neater are there by courtesy of L. G. Lions Club, an organization which finances this project by renting sides of the cans for advertising. (Leftover money goes to other Lions Club programs for the community. Lately the Lions Club decided they'd been letting their trashcan project slide a little. Cans were getting faded-looking, some sides had to be brought up to date and some were not rented. Happy to lend a helping paint brush to put bright new orange paint on the tops of the trashcans was pretty Carol Papike, a Grossmont College coed living at 7067 Rosemary In., L. G. Lions Club trashcan project chairman Cecil Anderson, a local attorney, said that the trashcans were being improved inside also to make them easier to empty. Carol, who was a candidate for Miss Lemon Grove this year works part-time as a secretary in Cal-West Steel Co., which, situated in the L. G. industrial park, is owned by her father, Eddo T. Papike.

### Be It Ever So Humble . . .

The "Lemon Aid" program in Lemon Grove helps prove that people living in a community want that community to be a happy and prosperous one.

It should also show that residents want to patronize local merchants if merchants have merchandise that is wanted at a price that is right.

These two conditions were revealed after this newspaper carried a paragraph item that the landmark lemon in Lemon Grove was being repaired after its underpinning started sagging.

Spontaneously, people from here and away started sending funds to us urging us to set up a program to make repairs on the lemon which has been at the Imperial-Main and Golden Ave. intersection since 1927. The demand grew so great that the chamber of commerce had only to appoint a committee and accept the kind offer of funds-gathering from Leota Saville, a former Lemon Grove resident who now lives in San Diego.

As Mrs. Saville went about the community picking up these funds she heard a recurrent . . . "we'd rather shop within our home town area than at out-of-town centers and discount houses," some contributors told her.

The desire to be loyal to one's community is always alive. The desire merely needs a little leadership, and a little doing, to give substance to this basic spark.

A few more projects such as the lemon face-lifting; community parades, as the Spring Valley one in November, a few more shops to help fill the merchandise needs of the homefolk, and the local business economy will begin to raise again.

There will always be a hometown business section and people will never lose their desire to want to make purchases from their townspeople.

### Report Is Prettier Than A Picture

There's a hydra-headed hassle underway at the administrative level of the City of San Diego and it's one for which the city should not take the blame.

Actually, it is altogether political and the mayor's office is the final objective. A good public information program is going to be shot down . . . sacrificed to make an issue for a mayor candidate-to-be.

The people in the hassle so far are only "bit" players who have been jockeyed into position by strongly-armed political king-makers.

It started after city bigwigs negotiated with local teevee stations to get their annual report . . . a report in pictures yet to be taken . . . on the air.

When the city administrators gave the nod to teevee channel 8, the wall set up by teevee channel 10's otherwise genial general manager William Goetz could be heard all the way to the Coronado Islands.

His chief complaint was that it is wrong for the city to distribute news material as a regular routine to any news functionaries, regardless of whether it be newspaper or teevee. (Continued on Page 3)

### Mexican High School Students From Puebla Paying Visit Here

Last summer six girls from Mt. Miguel High School spent eight weeks in Puebla, Mexico, which is both a state and the capital of that state in the southeastern part of country. Now three high school students from the cathedral city are returning the visit.

Before Christmas vacation started, Rosa Maria Diaz, Hans Guenther Petersen and Eckart Boege spent a lot of time at Mt. Miguel school. During vacation they are enjoying the

hospitality of host families, who are the Victor Halls, the Robert Garrisons and the John Hermans. The young Pueblans won't be leaving until latter January and so they will be "going to school" at Mt. Miguel again before they depart.

Talking to interested Matador students before vacation, the Mexican teenagers made the following observations:

The architecture of U.S. schools is nice. The homes seem to look

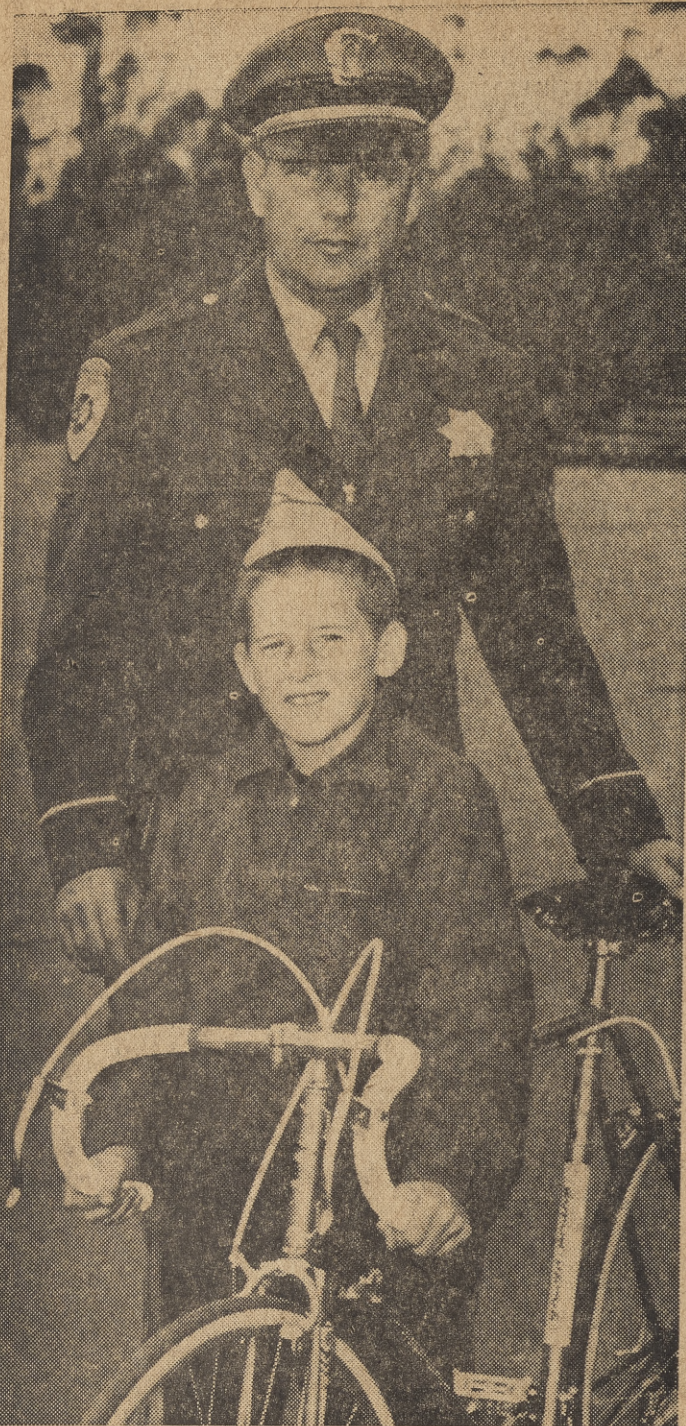

much alike.

Your students go class to class but in our schools the teachers come to us.

Mrs. Garrison, a host parent, spoke for the other hosts when she said, "Having a foreign student (Eckart) in our home is a really wonderful experience. We have learned so much from him. But we have also explained to Eckart some of the things that were puzzling him about the American way of life and other subjects."

On the slate for the visitors were trips to Los Angeles, San Francisco and Pasadena (for the New New Year's Day Parade).

**BICYCLE WINNER** — Brian Stanley, 10, son of Mr. and Mrs. Bill Stanley, 547 Carlsbad, S.V., accepts his gate prize, a 10-speed bicycle, from Officer John Annis of L.G., California Highway Patrol. Four of the 850 boys and girls attending the annual outing for the S.D. County Safety Patrol won bicycles. The boys and girls spent the day with the Marines at Camp Matthews watching weapons firing, hand-to-hand combat, precision marching and pugil stick fighting demonstrations. Brian attends Rancho School.

## Safety Patrol Youngsters Get Camp Matthews Reward

850 boys and girls of the San Diego County Safety Patrol, representing schools throughout the county, including Lemon Grove and Spring Valley, spent Saturday at the Camp Matthews Rifle and Pistol Range as guests of the Marine Corps Recruit Depot.

The Marines, in cooperation with the California Highway Patrol provided a fun-filled day-long program as a reward for the enthusiastic, unstinting interest of the school patrolmen in promoting safety.

Activities of the day included firing demonstrations, static displays of Marine equipment, lunch in the Camp Matthews mess hall where they were serenaded by the Marine Corps Recruit Depot band, a performance by the Depot drum and bugle corps and pugil stick and judo demonstrations.

Highlight of the Christmas outing was a drawing for prizes in which a 10-speed bicycle was won by Brian Stanley, 10, Rancho School, son of Mr. and Mrs. Bill Stanley, 547 Carlsbad, S.V.

The events began at 9 a.m. with the arrival of the patrolmen and ended at 2:45 p.m. with the awarding prizes.

Representatives of the law enforcement agencies taking part in the day's program included Officer John Annis of Lemon Grove, General Chairman, California Highway Patrol in San Diego.

Col. C. F. Quilici, commanding officer of the Weapons Training Battalion at Camp Matthews, headed the group of Marine officers and enlisted personnel who staged the demonstrations and hosted the boys and girls.

## L. G. Woman Donates \$5,000 To Hospital Near San Francisco For Swimming Pool

A swimming pool for the patients of Mendocino State Hospital will become a reality in the spring because of the generosity of one woman, Mrs. Bernard E. Kellerman of Lemon Grove. Mendocino State Hospital is a 2,300-bed multi-purpose facility serving the North Coast counties as well as the San Francisco Bay area. It is located at Talmage, Calif.

Mrs. Kellerman, in donating \$5,000 to the hospital, said, "I heard about the fine state hospital near Ukiah. When I learned of the need for a swimming pool, I felt that I wanted to make it possible for the patients to have one."

Mrs. Kellerman, who celebrated her 90th birthday in November moved to California following the death of her husband and since 1959 has lived at Monte Vista Lodge, a retirement home. A native of Geneva, N.Y., Mrs. Kellerman spent most of her childhood and adult years in Flint, Mich., where she

attended school and Alma College. Although no definite location for the swimming pool has been chosen, a name has. The new pool will be known as the Lydia Kellerman Pool.

In accepting the gift, Dr. E. W. Klatte, Superintendent and Medical Director, said, "I don't know of any one single gift that could have given our patients which would have made their lives more enjoyable. As you probably know, the summers in our area are extremely warm and the pool will receive a great deal of use."

## 100 Room Rest Home OK'd For La Presa Area

SAN DIEGO (CNS) — Plans for a 100-patient rest home in the La Presa area of Spring Valley were approved Friday by the County Planning Commission.

The commission granted a special use permit sought by Jesse E. Bailey for an elaborately planned project on the south side of San Carlos street, between Concepcion avenue and Kempton street. The site covers more than eight acres.

According to the plan filed with the commission, Bailey is to provide an infirmary, a kitchen, dining room and lounge, with scattered terraces and patios over the area.

There is room for parking 75 cars, and a planting area is to be installed on Kempton street.

## S.V. Children Cause 2 Fires, Bike Accident

Children were a part of the Spring Valley Fire Dept. business this past week; one of them in an accident and others causing two fires.

Larry Lyle, eight-year-old son of Mr. and Mrs. Ed Lyle of 265 Faxon st., was struck by a car Dec. 18 while riding his bicycle in the 9000 block Jamacha Blvd. The boy apparently drove his bike in front of the car. He was given first aid and released.

Mrs. Anna Sutton, of 10620 Garden way, was taken to County hospital due to illness. Richard Goff, 49, of 3711 Calavo dr., was pronounced dead when the S.V. ambulance arrived at his home on Dec. 22. He apparently suffered a heart attack, the Fire Dept. spokesman said.

Children playing with matches was given as the cause of two grass fires during the week. The first, on December 21 at Osage and Tarleton sts burned a small area. The second burned a small area behind 1042 Gillespie st., in South Spring Valley on Dec. 22.

## Business List Grows Larger, Firm Says

Statement requests were mailed to 10,409 businesses in S.D. County this week by Dun & Bradstreet.

The 1963 totals show 10,409 manufacturers, wholesalers, and retailers in this area, as compared with 8,037 in Jan. 1958—and increase of 16.5 per cent for the five year period.

Some interesting comparisons show Spring Valley with an increase of 158.8 per cent, 132 businesses now compared with 51 five years ago. In Lemon Grove it is 207 against 157. Santa Ysabel gained the most...

## Christmas Is Not Christmas At All Without The Playhouse

No little girl should be denied her playhouse at Christmas-time.

When little Darlene Flores, 7, was chosen winner of a playhouse given by a group of L.G. business firms Christmas Eve, she couldn't get it to her home at 1615 La Corta in time for Christmas. The donors were unable to deliver it until after Christmas Day.

Her parents, Mr. and Mrs. James Flores, he is connected with the S.V.-L.M. school district, asked the L.G. chamber to help.

Frosty Foster, the new, fireball manager of the chamber used his influence, some pressure, and some good hard work until he thought of Frank Thomas, local disposal service owner. Then it was easy. Frank, some helpers, including members of the chamber, loaded the house on one of Frank's trucks.

That is how Darlene, a second grader at St. John of the Cross Catholic school, came to get her playhouse on Christmas Eve instead of after the holiday.

The board of directors of Southland Savings and Loan Assn., Broadway and Main, L.G., has voted to increase the rate of interest paid on savings accounts.

John A. Davis, chairman of the board, said that effective January 1, interest on such accounts will be increased from 4.6 per annum to 4.8 per annum.

SEVERAL THOUSANDS OF DOLLARS of toys food and clothing for county Indians, and assisting in the program are A. R. Anders of General Dynamics Astronautics Centaur Depts. 970, 972 and 959; Mrs. Jack (Jean) Leely, one of the founders of the movement, and recording secretary of the S.V. Chamber

of Commerce; Irwin Morales, a member of the Council of the Rincon Indian Reservation; J. F. Scott, of the North Island Recreation and Welfare Dept.; and Charlie Myers, formerly of the Pala Reservation and now of San Diego.

## Valley People Make Holidays Happier For County Indians

For the ninth consecutive Christmas, a Spring Valley couple, Mr. and Mrs. Jack Leely, with other help, have played Santa Claus to Indian families throughout the county.

This year several thousands of dollars in toys, food, clothing and fully decorated Christmas trees were joyously received by 45 families, including 220 children. These lived at Viejas, Jamul, Barona, Santa Ysabel, Mesa Grande, Escondido and Rincon. The gifts were distributed house-to-house by "Santa Claus." The Leelys said, they themselves, felt the "real Spirit of Christmas" when they saw the children jump for joy. Many of the older folk, some of them nearly 90 years old, were in tears, with their only response being, "This has never been

done to us before (meaning delivered house-to-house).

Assisting the Leelys were several Spring Valleyites: O. A. Winder and family; Pete Pacheco and family; Carl Moore and family; Don Alby and family; Girl Scout Troops 990 and 212. Other assistance came from Boy Scout Troop 69 of San Diego; Mira Mar Cub Scouts; Marine Reserve Training Unit of Camp Elliott; Chaplain Cdr. (USN) Martin of Mira Mar; the County Salvation Army; the County Welfare Dept.; De Falco Mkt., Spring Valley; General Dynamics Astronautics; the Recreation and Welfare Dept. of North Island; and an anonymous insurance man.

The Leelys who live at 709 Broadview, Spring Valley, got

the idea for playing Santa Claus to Indian families over nine years ago when they were entertaining at one of the reservations. Following the festivities they made a tour of the area and were appalled at the existing poverty. Many of the have still have dirt floors and the bed covers, in many cases, just rags.

Leely said next year should produce even more community co-operation. The Leelys are directors and teachers of "The Little Indians of America," a group of Spring Valley children who have taken interest in authentic Indian dances. They have appeared in many parades and other festivities. The group is sponsored by the S.V. Chamber of Commerce. Jack Leely, who is part Sioux, is also known as "Chief Red Cloud," while his wife Jean, who is part Choctaw, known as "Princess Starlight."

## Around Our Valley:

News and Views from Spring Valley  
By Tommy Thomas

### HE WHO DRIVES BECAUSE HE'S TOO DRUNK TO WALK MAY BECOME TOO DEAD TO TALK

The old joke about the policeman stopping the drunk driver and asking why he was driving the car while in a state of intoxication and the drunk answering that he was too drunk to walk really is no laughing matter.

The National Safety Council and other agencies, including the F.B.I. are continually urging us to be careful about drinking and driving. This is especially important at this time of the year when some of us are apt to have "one for the road."

These double holidays are "killers." This thought occurred to me recently when I observed many out-of-town visitors in Our Valley and surrounding areas. What with the holidays and the dense fog we have been experiencing, one is concerned about the welfare of the motoring public.

#### Speed, Drink Killers

A recent item I received from the F.B.I. stated, in part: "Traffic authorities consider drunk driving and excessive speed the two greatest menaces on the road. Statistics bear them out. Some studies show 50 per cent or more of the fatal accidents involve drinking drivers or drinking pedestrians. In 1961, excessive speed was a contributing factor in 33 per cent of the fatal accidents."

"Another perplexing aspect of this nationwide dilemma is the unrealistic approach by the average driver to basic safety measures. For example, a father, who spares no expense in providing security and care for his loved ones will bundle them into a mechanically faulty automobile and race along the highways with no sense of guilt. Oftentimes, in an emergency, the car fails and tragedy results. Needless to say, the father has also failed. Last year, one out of every six vehicles given safety checks was in need of maintenance attention for safe driving."

#### Careless Driver Spotted

The last statement about some fathers being careless with their family's welfare, or rather safety, may be observed every day of the week and more on weekends. Just recently, coming into Our Valley from Freeway 94 I was going at a pretty good clip and a small car, loaded with children passed me like I was standing still. I'm still shaky thinking about it and pray that the father got home with his passengers intact.

Continuing to quote the F.B.I. news release, I quote: "As the fleeting days of 1962 wing by, American motorists should make a New Year's resolution early. Let each driver resolve that the joyous Holiday Season ahead will not be marred by deadly traffic accidents due to carelessness and negligence. Those who rebel, those who flout and violate traffic laws should be dealt with sternly."

#### To this we should say, "AMEN."

#### RILEY FAMILY HAS IMPORTANT REUNION

Mr. and Mrs. (Earl and Peggy) Riley of 3245 So. Bonita st., along with their daughter, Betty Ann have had quite a few visitors over the holidays. But the highlight of all of this was the most complete family reunion in 27 years. The reunion brought together Mrs. Riley's brother and his wife, the Bob Corbitts of El Paso, Tex.; her father and mother, Mr. and Mrs. Roy Meisser, from Dunsmuir, Calif., and the Rileys' son, David and his wife from Mission Beach. The nine of them had Christmas dinner together. Mrs. Riley's parents, the Meissers have moved into a mobile home at the Town and Country Mobile Lodge in Santee.

Many of our older residents of Our Valley remember Earl Riley; he is a former captain

of the San Diego County Sheriff's Office. He retired from that department about eight years ago and now may be seen at the San Diego Trust and Savings Bank in downtown.

"Take it easy, lady." This salutation to Mrs. Donald (Dorothy) Klepper of 2442 Central ave. She returned home recently from Grossmont hospital where she underwent surgery.

#### STEREOPHONIC RECORDING BY S.V. "CHAPELAIRES" GOING OVER GOOD

Spring Valley talent again is in the news. The Chapelaires' men's quartet of the First Baptist Church of Spring Valley, is doing well with their recent stereophonic recording, "The Church in the Valley." The second 100 records have been pressed and prepared for market. The records (double sides) sell for a donation of \$4. The money over and above expenses to be used to enhance the music library of the church. "The Chapelaires" is comprised of Jack Thomas, first tenor; Rev. Roland Taylor, second tenor; James Whitaker, baritone; and J. A. "Buzz" Whitaker, bass.

## The DIMMER VIEW

(Continued)

The wrong was greater if the city spends \$10,000 a year (\$6,500 for the cameraman and \$3,500 for editing) to produce the 30 minute long report, he argued.

The teevee report would replace the annual printed report that costs the taxpayers more than \$11,000.

We grudgingly admit that teevee has a viewing audience so it is rational that complimentary pictures to cover both the good and the bad in a "report to the people" could be considered acceptable legally and morally.

But a crack appears in the picture tube when any teevee tycoon attempts to equate time on teevee to newspaper news columns. There simply is no comparison. Nor does Goetz' wailing have substance when he lays the yardstick of news on this patently advertising material of the City of San Diego.

Julian Wise, the editorial prize-winning newspaper editor, who gave up news writing to become director of publicity and assistant to the SD city manager, told us, as we were certain he would, that the teevee report concept was proposed because it answers the need of "the public's right to know what the government is doing."

Wise has an outstanding reputation for news honesty and should not be made to suffer at the hands of political chess players.

Yet the hassle, devoid of its political overtones explains the difference between teevee information and newspaper news. Ask any reporter what his editor's reply would be if a representative of the government handed the reporter a report of condition and said "Here boy, print this!"

The reporter probably would accept the material, study it, visit the department heads involved to question the validity of material that seemed unreasonable. He'd compare it with other reports and remarks these departments have issued in the past. Then he would interpret it objectively with the public's interest in view. Only then would it have the chance of reaching the eye and mind of the newspaper's audience.

The argument might be made that anyone could analyze a teevee report as well as a printed one. But a moment of cognition would reveal that one picture properly slanted is equal to 10,000 words and that the credibility of the human mind is fantastic when the eye is hypnotically fastened to a picture tube. This compares with the mind which must be alert if it is to absorb the meaning of the printed word.

None of this is to suggest that the report should not be made on teevee. But let us not get carried away with the philosophy that teevee news reporting can be equated to newspaper news reporting. Because of government control and advertiser control by sponsorship, teevee will never be able to approach the news honesty of even the weakest bonafide news paper.

### Ransom For Soviet 'Technicians'?

With an admitted \$53 million in drugs and food paid as the ransom price for the Cuban invaders' release, and nearly as many millions of dollars more for relatives of the invaders, we wonder who is getting paid how much for the sudden removal of thousands of Russian "technicians" from Castro's Cuba during the Christmas holiday.

### Francis Parker School To Open Nursery Section

Francis W. Parker School will open a pre-school section January 7, according to Dr. J. Rollin Grant, Headmaster. The nursery school will conduct full day nursery programs, which feature both indoor and outdoor supervised programs. This expansion of the school's services was made possible by the purchase of private property on Plumosa, immediately adjacent to the school. Because it is an extension of the school's property, the nursery section will share the facilities of the school, including the noon meal. Bus transportation will be available.

### Spring Valley Shows Biggest Jump In Muscular Dystrophy Donations

Spring Valley people beat all other areas of the county in terms of percentage-wise increase over 1961 in the annual Muscular Dystrophy Association of America fund-raising drive, according to Robert Goodwin, MDAA district director.

Spring Valley's increase was from \$478 in 1961 to \$845 in 1962, a 100 percent increase almost. County-wide the 1961 figure of \$43,000 went to about \$48,000—an increase of about 8 percent.

In Lemon Grove last year the total that MDAA marchers collected was \$1112.84. This rose to \$1,338.69 this year.

#### Mrs. Donner Chairman

Mrs. Dorothy Donner, who lives at 9276 Carthay circle, S.V. and was chairman of the successful Spring Valley drive, said it was the third year she spearheaded the drive. She explained that things she's learned during the former drives were a big help this time. "I stayed on top of the campaign," she said. "I called each of my district leaders several times a week and kept reminding them of the importance of correct instructions to the marchers in their sections."

Mrs. Donner, who will captain the San Diego Heart Association drive in Spring Valley in February, also commented that people seem to have more money this year.

The annual United Community Service drive, which collects money for 65 agencies, the MDAA and Heart Association not included, fell short of its goal this year.

#### District Leaders Named

District leaders under Mrs. Donner were Mrs. R. H. Honeycutt, Charlotte Aab, Mrs. F. E. Le Master, Mrs. Richard Dahl, Mrs. Darrell Swenson, Mrs. Allen Adams, Mrs. Vester C. Baker, Mrs. J. A. Del Nero, Jr., Mrs. Robert Goodwin and Becky Nielsen.

Mrs. Robert S. Cross of 7827 Longdale dr., was area chairman for Lemon Grove.

District leaders under Mrs. Cross were Mrs. John G. Gallagher, Mrs. Janine Taylor, Mrs. H. G. Katzenberger, Mrs. Charles H. Harris, Mrs. Charles A. Fairley, Mrs. Dave Holloway, Mrs. Wayne Bell and Mrs. Donald Johnson.

Goodwin said that about 65 percent of the MDAA fund comes from the march represented by the figures above. Other sources are commerce and industry and canisters.

## Archie Moore Handed Added 'Wallop' By Plan Commish

SAN DIEGO (CNS) — The County Planning Commission Friday added insult to injury for veteran boxer Archie Moore. The morning after San Diego's famous fighter lost by a knockout to Cassius Clay, the commission "knocked out" Moore on a special use permit he sought for an automobile wrecking yard, with burning, on a site on Highway 80, near Descanso.

As if the denial itself were not enough, commissioners declared that the proposed project would be an "eyesore." This to a man who had been punched in the eye the night before and could really say what an eyesore (sore eye) is.

The application, in which Moore was joined with his wife Joan, asked for the permit for a triangular piece of land, on the east side of Highway 80, about a half-mile west of the intersection with Highway 79.

## Mt. Miguel's Early Lead Wins Basketball Game With Chula Vista

The Mt. Miguel hoopers downed Chula Vista High School 50-42 lately to bring the Matador league standing to four wins out of seven games. The basketball tilt opened at a fast pace and the Matadors gained an early lead of the Spartans, who had trouble from the start in forward Doug Ashley of Mt. Miguel. His speedy drives and long shots brought his game total to 16.

At the end of the first quarter, the Matadors already lead 20-4. In the third, the Spartans finally began rectifying earlier errors. They made 3 out of 6 free shots while Miguel made four of 15 free ones.

Chula Vista gained on Miguel in the fourth quarter but the time ran out for them and the Spartans still trailed by eight points when the final buzzer sounded. It was the eighth non-league loss of the season for Chula Vista.

Also scoring well for the Matadors were Jacobus with 11 and Lockhead with 12.

A MT. MIGUEL WRESTLER, Donald Paddock has a momentary advantage over Campbell of Hilltop High School during the recent meet between the schools. In junior varsity matches, the Matadors swamped the Lancers 42-6; in varsity it ended up 27-13 in favor of the locals.

Highlight of the meet was when Matador grappler Robinson pinned Hilltop's Rittenden in 2:52.

## 5 CHARGERS NAMED FOR ALL-STAR GAME

SAN DIEGO, Calif.—Five San Diego Chargers, ends Dave Kocurek, Don Norton and Earl Faison, guard Ron Mix and linebacker Emil Karas, will participate in the second annual American Football League All-Star game Sunday, Jan. 13, at Balboa Stadium. It was announced last week.

Players are selected by AFL player ballot to designate the first 22 men (11 offensive and 11 defensive) on the Eastern and Western Division squads. The Head Coaches pick an additional seven men each to fill out the 29-man teams. Thus, conceivably, more Chargers could land All-Star berths when the complete squads are assembled in San Diego Jan. 7.

All five Chargers are repeat players from the first All-Star game here last Jan. 7. Kocurek was the game's leading receiver with five receptions for 77 yards and one touchdown, while Norton caught three passes for 31 yards and one touchdown as the West, led by the passing of quarterback Cotton Davidson (then with Dallas, now with Oakland) and the ground heroics of Dallas' Abner Haynes, romped to a 47-27 triumph.

## Auto Renewals Due In January

1963 Renewal statements are in the mail to California registered automobile owners, according to Tom Bright, Director of Motor Vehicles.

Statements show the amount of fees due for 1963 registration and, when stamped paid, will become the registration certificate for the coming year. Renewal fees for automobiles and motorcycles are due Jan. 2 and can be paid without penalty up to and including Feb. 4. Complete renewal service is available at any of the permanent field offices of the Department of Motor Vehicles.

All renewal statements should be received by Jan. 15. If the statement does not arrive, Bright suggests the 1962 registration be brought to any DMV for processing. Bright also suggests that motorists carefully follow instructions on the new renewal statements and renew early to avoid the long lines during the last few days.

### AN OPEN LETTER

OF THANKS

When our beloved son, David

Hale, a student at Mt. Miguel

High school lost his life near

Calexico Dec. 8, by drowning,

we didn't see how we could

possibly face what had happened.

The sudden tragedy brought

unspeakable sorrow.

So many people came to us

in our great time of need and

brought us through the worst

part of the storm, that we want

to thank them for their human

grace and understanding that

gave us light and hope in dark

moments. The establishing of a

scholarship in our son's name at

his alma mater is one thing

that is making his passing

easier to bear.

Our other son, Michael, 16,

also a Mt. Miguel student, ex-

tends his deep thanks along

with us to those who demon-

strated such understanding fol-

lowing the tragedy.

### Bank Is First

User Of Centrex

Dialing System

CENTREX the modern, mechan-

ized, complete communication

services which provides the

fastest, most efficient commu-

nications ever offered to major

telephone users is being install-

ed by the First National Bank.

When the installation is com-

pleted in December 1963, CEN-

TREX service will enable cus-

tomers to dial direct to any

telephone in the First National

Bank system without going

through an attendant. Studies

show that calls dialed directly

can be completed about half a

minute faster than those com-

pleted manually through an at-

tendant. Another advantage is

that night and after-business-

hour calls can be handled easily

because they can be dialed di-

rect.

With the CENTREX service

incoming calls can be quickly

transferred from one telephone

to any other within the system.

This will save time for bank

customers who wish to speak

to more than one person.

All inter-branch calls will go

direct by merely dialing a four

digit number which will also

increase customer service.

Pacific Telephone Co. will in-

stall and maintain the equip-

ment.

Paintings of the Grand Canyon will highlight the next one-man show at the Fine Arts Gallery, 8055 University Ave., La Mesa, opening Saturday, January 5. Mrs. Delbert T. (Helen) Hill, exhibitor, said the paintings were made from sketches she made on a recent trip to Grand Canyon. She will have other landscapes and still lifes in oil. Mr. Roy M. White, a well known marine painter, is guest artist for January. He is an instructor in adult education in Chula Vista. ### "ADVENT"

Should we not drop "Advent" now that Christmas is past? No, because Advent also refers to Christ's coming again. In the fullness of time, when God determines that this age has run its course, Christ will return to this earth to judge the living and the dead. Before our day runs out, let us seek His forgiveness.

## Sermon To Explain Value Of Scientific Understanding Of God

How mankind is redeemed through a scientifically correct understanding of God will be explained at Christian Science church services Sunday.

Opening the Bible readings will be this verse from Isaiah: "The people that walked in darkness have been a great light: they that dwell in the land of the shadow of death, upon them hath the light shined." The subject of the Lesson-Sermon is "Christian Science."

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 466): "The Science of Christianity comes with the chaff in the hand to separate the wheat from the chaff. Science will declare God right, and Christianity will demonstrate this declaration and its divine Principle, making mankind better physically, morally, and spiritually."

## DOROTHY DIGS in the garden

By Dorothy Jonson

If you received an African Violet plant as a Christmas gift, you may welcome a couple of suggestions on how to care for it.

A mistake often made is to give African Violets too much water. Then the soil is kept in a soggy condition, the roots will rot and destroy the plants. I mentioned in my column last week that there is nothing better to use for watering house plants than water saved from defrosting your refrigerator, and this applies to African Violets as well as other house plants.

The worst enemy of African Violets is the Cyclamen Mite. These mites are practically invisible to the naked eye but cause the plants to first have an unhealthy appearance, then to turn grey in the center and to eventually die. There is a Kelthane product that is effective against these mites and not injurious in any way to the African Violets nor to beneficial

## Holiday Work Needed For Prison Releasees

Jobs are needed for prison releasees, and tools are needed for them to perform these jobs in a project sponsored by the Episcopal Community Service at 555-19th St. in S.D.

In the Episcopal work project, part-time jobs are secured for men recently released from correctional institutions. Shovels, picks, forks, pruning shears and hand tools are needed for these men to work with.

Working closely with State Parole Officers, the Service finds work for the men and pays them each day after they have worked. This gives some measure of human dignity of having earned an honest dollar.

A lounge is provided to keep them off the street and to provide tv, books, papers and other recreational activities. Ladies of the church furnish a good meal for these men each Thursday night.

Work drops off during the holidays and that is why there is an urgent need for part time jobs now, according to George Ray of the Episcopal Service group. If any jobs are available, Ray should be called at 234-6493.

It will be quite a day for the youngsters and the school, and for the communities the youngsters represent.

The band won sweepstakes at the Arcadia Band Review; the Maytime Review and First Place in the Long Beach competition among Class A schools. When the band took the Sweepstakes at the Autumn Band Review here in San Diego, they became the group that would represent the County in Pasadena on New Year's Day.

# MIGUEL MATADORS BAND

## MILLIONS TO SEE MT. MIGUEL YOUNGSTERS MARCH IN PASADENA ROSE PARADE

More than 130 Lemon Grove and Spring Valley youngsters, their happy faces glowing as they march spritely down Colorado street in Pasadena Tuesday, in the world's most colorful parade will be the result of the combined effort of hundreds of local people.

**BANDLEADER** — Lawrence Christiansen, Mt. Miguel High school band director, developed the youngsters into the top high school band in the County of San Diego. The Matador's band in 1962, as it had in 1961, took many competitive awards. Bandmaster Christiansen will march at the head of the band on New Year's Day.

First, the right to participate in the Rose Parade had to be won. This was done handily by the capable charges of Mt. Miguel Band Director Lawrence Christiansen at the Autumn Band Review several weeks ago.

Behind every one of these winners stood a mother and father, sisters and brothers, aunts and uncles and the faculty and employees of the school. Solidly behind them too, were friends and neighbors, business and professional people, and the folks who had no connection with the youngsters except that they were glad our youngsters won.

Then came the sobering realization that it would take a lot of money to get these youngsters to the Rose Parade. There was bus transportation, and food, and lodging. Approximately \$2,000 was needed. The schools cannot budget money for such purposes. The County Board of Supervisors representing the entire county, acknowledges that such an honor that has come to the Mt. Miguel Matador's Band should be the financial responsibility of the county . . . but there is no money budgeted for such purposes. The reason, explains Mr. David Bird, the supervisor who represents people of Spring Valley and Lemon Grove, is that no one has ever asked them to.

"That's going to be changed," said Mrs. Norman Wollitz of Lemon Grove who is a member of the Mt. Miguel Band Parents Assn. "We are going to petition the Board after the holidays to make funds available to whichever high school wins the honor in the future. It is too costly to keep the youngsters in uniforms, pay their expenses to various competitions, then have to produce even more money when the band is so good that it is chosen to represent the entire county at the Rose Parade."

To raise the money this year Mrs. Wollitz called on such people as Fire Chief and Mrs. Hensley, Mr. and Mrs. Edward Beals, Harold Drew, Mr. and Mrs. J. E. McCarthy, George Clark, Mr. and Mrs. Charles Maynard, Fred Weber and Mr. and Mrs. Howard Lane, among others, to sell advertising for these two pages to produce the money needed to get the band to Pasadena.

Every advertisement on this page represents a sizeable chunk of money for the expenses of the trip. Many people gave more than the space their name occupies indicates.

These pages, then, represent a major accomplishment by the band, a lot of hard work by interested band parents, and a lot of generosity of the people listed hereon.

**TROPHIES** — Francie DePietro and Carol Hensley will lend grace and beauty to the parade Tuesday. Francie has won the All-Western Twirling Championship; the California State Title and she will compete in the Nationals to be held in St. Paul in 1963.

Carol Hensley, the drum major, will be the focal point of all in the band because it is from her direction that the band moves.

Two prettier girls no bands will have, most people say.
